

## Participant Helmet Standards for Learn to Skate Programs

Effective September 1, 2009 **ALL** participants in The City of Calgary, Recreation, Learn to Skate programs are required to wear a hockey helmet (preferred) or an acceptable alternative. **Bicycle helmets are no longer permitted; entry onto the ice with a bicycle helmet will be denied.** Please see the following examples of suitable helmets accompanied by their approximate prices. These are just a small sampling; there are many more brands and types of CSA approved hockey helmets in the market. Cages (face shields) are encouraged, especially for younger children. Most acceptable hockey helmets can be purchased at stores that carry sport equipment such as Canadian Tire, Walmart, Sport Chek and Sport Mart.

Our priority is the safety of you and/or your child. If you have any questions regarding these helmet standards or the Learn to Skate program, please feel free to contact one of the Program Specialists noted below:

North Calgary programs: Linda Tanigami, Village Square Leisure Centre - 403-366-3921

South Calgary programs: Kathie Doyle-Flintoft, Southland Leisure Centre - 403-648-6594
